It cleanses the system, weakens the bowels, will lead to chronic constipation. Don't Regulate your bowels. Get a box at all stores.

AFTER GRIPPE

Finol Restored Mr. Martin's Strength
Waynesville, Ohio. "I am a farmer by occupation, and the grippe left me with a nervous, weak, run-down condition, and I could not seem to get anything to do me any good until I used Finol which built me up, and my strength and nervousness are all gone, and I am now as strong as ever. That is Finol's merit."—JAMES MARTIN.

The Planet Mars.

Earth's astronomers know nothing of Mars beyond the fact that if the planet is of a formation more recent than the formation of the terrestrial globe its evolution must have been more rapid, because it is so small. Mars is an older world than the earth—a world that represents the intermediate state between that of the earth and that of the moon. The phenomena on Mars now under the observation of earth's astronomers are the last manifestations of a dying life. Slowly, very slowly, time is doing its work. Mars is dying of cold, the anesthetic that benumbs the worlds and steepens them in the sleep in which they die.—Exchange.

WRONGDOING.

If society is to be further uplifted, if it is to be kept from slipping back, it must hold firmly to the right of saying that wrong is wrong, no matter who commits it or how guilty others may be. If there can be no responsibility and no condemnation till we get a perfect world there can be no way of holding the world up to the level which it has already reached.

The Soprano Yielded.

Mrs. Rose was the leading soprano of Bastia's opera troupe. One night being indisposed, with a quavering air, she sought the manager and said she could not sing.

"Vy, my dear Mad-dam Rose, eet ees impossible. You are ze leading soprano of ze troupe, n'est ce pas, and ye cannot get along without ze leading lady."

Rose shook her head. "Well, it's no use. I am sick and I cannot sing, positively."

"Ah, no, mad-dam, zat ees true. You cannot sing positively." Then with a warning nod he added, "but you can sing superlatively."

She sang.

How to Work It.

"I wish I could get my wife to come home, but she'll stick and stick till the last dance is over."

"I'll tell you how to do it."

"How?"

"Just dance three times in succession with the pretty young girl in the bright red dress, and she'll take you home in a hurry."—Detroit Free Press.
